November 2014

**Dates to Remember:**

**Nov. 15** - International Day

**Nov. 17** - ASAP Session 2

**Nov. 21** - Q2 Progress Reports

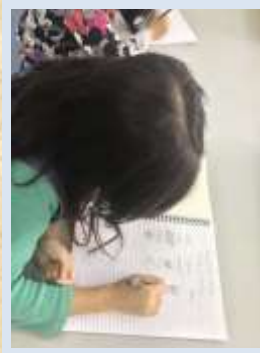

## International Day is tomorrow!

The buses will run one hour later than usual, and the day will end at 3:00pm. It is a school day for students, and all parents, siblings, family, and friends are invited to join in on the fun! There will be booths from countries all over the world, with delicious new foods for you to try. Bring some money to buy food, and admission is 10 rmb for adults and 5 rmb for children. No fee for QISS students and parents.

## Hello Grade 2 Parents!

Grade 2 has started working in the Lower School Science Lab for Unit 2. The class is learning about the states of matter – solid, liquid, and gas. The students have their own Science Journals where they have been documenting our experiments in the Science Lab. It is a great opportunity for the students to work in a real laboratory and have fun while they are learning!

This Thursday and Friday QISS has been hosting students and teachers from Nankai University Affiliate Primary School. They have been wonderful guests at our school, and the students have been having a great time sharing their classrooms with the visiting students. They are making new friends and learning from each other. The guest teachers and students will be attending International Day at QISS tomorrow, and then returning home. Thank you so much for coming to our school!

\*\*\*Please note that the Talent Show has been moved to the Spring of 2015. This will give all students plenty of time to choose something for their performance. What is your talent?
