December 2014

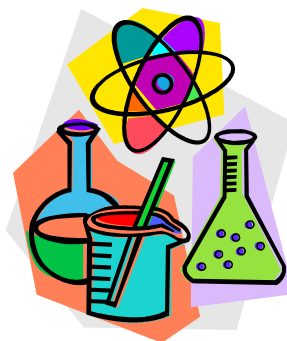

Dates to Remember:

Dec. 13 - Quarter 2 Key
Assignment Day &
Winter Program

Dec. 19 - End of Quarter 2

Key Assignment Day is tomorrow!

Key Assignment Day for Unit 2 is finally here! Students will come to school at the normal time tomorrow morning, and each grade will prepare for the day in their classroom. There is a **PTA General Meeting** in the theater at **8:30am** for parents to attend. The Key Assignments will take place at 9am, 10am, and 11am. Grade 2 will present their Key Assignment at 11am.

Hello Grade 2 Parents!

Unit 2 is coming to a close, and the students have been practicing for their Key Assignment presentation! They are very excited to share some of the things they have learned during the past eight weeks with their parents and fellow QISS students. The topic of matter is very interesting, and it allowed the students to perform several cool experiments.

Grade 2 has been learning all about 2-D and 3-D shapes in Math class. The students studied 2-D shapes first, and learned the rules for drawing polygons. After that, the students moved on to 3-D shapes. The class did an excellent job exploring the relationship between 2-D and 3-D shapes, noticing that many individual 3-D shapes are comprised of several 2-D shapes.

After Key Assignments are finished tomorrow, all QISS staff, students, and families will eat lunch together in the cafeteria. The Winter Program will begin at 1pm following lunch. Students from Pre-Kindergarten through Grade 12 have been practicing singing and learning how to play a wide variety of musical instruments. I'm very excited to see everyone perform!
